BE WATER SMART!

These removable stickers cling to clean and dry surfaces. Brought to you by the Regional Water Providers Consortium. www.conserveh2o.org

1. Turn off the faucet when brushing your teeth.
2. Keep drinking water in the refrigerator instead of running the faucet to get cold water.
3. Sweep sidewalks and driveways instead of using a hose.
4. Wash your dog on the lawn and give the grass a drink.
5. Fill the bathtub half full or take 5-minute showers.
6. Always do full loads of laundry to save water.
